We further believe the school should prepare the student mentally in special fields and should help shape him/her into a well-rounded individual socially, physically, and culturally. The school should strive to instill in our young people a love and respect for the family, the community, and the country in which we live.

In order that the right of each student to the free exercise of religion is guaranteed and the freedom of each student is subject to the least possible coercion from the state either to engage in or refrain from religious observation on school grounds, there shall be daily observance of a moment of silence in each classroom or on school grounds of each school in the school corporation.

During the moment of silence, the teacher responsible shall ensure that all students remain standing and silent during the moment of silence and the students make no distracting display so that each student may, in the exercise of the student's individual choice, mediate, pray, or engage in any other silent activity that does not interfere with, distract, or impede another student in the exercise of the student's individual choice.

DRESS CODE

At Pike Central High School and Pike Central Middle School, school climate is an important part of education. Student appearance is an important part of school climate. Appearance plays a large part in how students feel about themselves and the school in general. The Board of School Trustees of Pike County School Corporation considers parents to be responsible for the neat and appropriate dress, grooming, and appearance of children.

The student dress code policy is intended to create a positive environment for education, help students concentrate on schoolwork, reduce discipline problems and improve school safety. To this end, this policy has been proposed for adoption by the Pike County Board of Education.

Standards:

A student shall be considered to be appropriately dressed and groomed except in cases where such dress and/or grooming shall be considered by school authorities to be unsafe, unhealthy, and/or disruptive to the teaching-learning/educational process.

The following guidelines are to be followed: Students shall not wear clothing or hairstyles that endanger their health, safety or welfare, or others, or cause a disruption to the educational process.

Shirts worn with shorts/skirts must not be longer than the shorts/skirts etc. shirts, blouses and all other tops must be long enough to be tucked into pants or slacks.

All shirts, blouses and tops must have sleeves—no sleeveless tops. Shirts and blouses with low-cut necks are not permitted. No exposed underclothing of any kind.

No baggie pants of any kind and all slacks, jeans, etc., are to be worn at waist length and no longer than the top of the shoes. No jeans or slacks of any type are to be long enough to extend below the heel of the shoes—and not long enough to drag on the floor behind the shoes. Jeans or slacks of any type are not to have straps or any other objects or materials that hang or drag on the floor. All jeans and slacks are to fit well and not appear to be falling off or excessive holes.

No pajama pants.

No chains (link type chains or otherwise) of any type are allowed on clothing, on your person, or in your possession.

No coats are to be allowed in the hallways other than in the morning while going to your locker upon arrival to the building and from the building at the end of the school day.

SCHOOL CLOSING PROCEDURES

Television: Channel 7, Channel 14 and Channel 25

NURSE'S OFFICE

The nurses' office is located at the middle school office. It is open from 8:00 to 3:25 daily. ALL MEDICATION INCLUDING PRESCRIPTION MEDICINE WILL BE KEPT IN THE NURSE'S OFFICE. If a student becomes ill while at school and wishes to see a nurse, they should get a pass from a teacher. Students who become ill while at school and wish to go home WILL BE EXAMINED BY THE NURSE and if the nurse feels it is necessary for the student to go home, she will arrange with the parents for transportation of the student home. Proper sign-in and sign-out procedures must be followed. In no instance will the student be sent home without the school first notifying the student's parent or guardian. ALL STUDENTS THAT BECOME ILL WHILE AT SCHOOL MUST SEE THE SCHOOL NURSE.

Any medication given at school, *including Over The Counter Medications*, will require a physician's order. Indiana Code will be followed regarding the administration of medications provided by the parent to the school for students. The parent/guardian of a student requiring medication during school hours should contact the school nurse for information pertaining to the administration of such. The law permits any student with an acute or chronic disease or medical condition to possess and self-administer medication required on an emergency basis while in school or at a school-sponsored activity. A form needs to be completed by the prescribing physician, the parent, and the student to allow possession and administration. The form should be picked up from and returned to the nurse's office on completion by the physician.

Indiana Law, along with individual safety factors, will also be followed regarding the release of medication from the health office to the student.

Every student entering the Pike County School Corporation must conform to the Indiana State Health Department Immunization Guidelines.

Health screenings mandated by State Law will be done on students as follows: Visual Screening: Kindergarten or First, Third, and Eighth; Hearing Screening: First, Fourth, Seventh, and Tenth; Scoliosis Screening: Fifth, Seventh, and Ninth. Screenings will also be done on any student new to the corporation or as a follow-up. In addition: height, weight, and head lice screenings may be performed on students.

To ensure the health and safety of each student while at school, an **Annual Health Update** form is provided to each student for the parent to fill out and sign. This form is a part of each student's health record and will assist in the treatment of health concerns along with the release and transportation from school due to such concerns, should the parent or guardian not be available. Any student requiring a medical procedure or prescription medication on a regular or as needed basis while at school, may require an individual health plan with the parents input. Information pertinent to a student's daily activities may be shared on a need to know basis with the school health team involved with that student. The team may include any staff member who will share in a responsibility affecting that student. Students should not be sent to school if he or she has had a fever or presented signs or symptoms of a contagious condition in the last 24 hours. Contact the nurse's office to discuss medical conditions, questions relating to medications or treatments or any other health concerns.

Guidelines for Management of Head Lice in the Schools

Responsibility of the School Nurse

The PCSC registered nurses are the health care professionals who will communicate with and act as consultants for the staff, family and student. The nurse will provide instruction and support to the student and family.

Responsibility of the School

1. Any student within the school corporation suspected of having head lice may be examined.
2. Any sibling or close contact of the infected student who is within the school corporation may be examined.
3. Confidentiality must be maintained.

4. An individual will be sent home upon evidence of living lice.
5. Instruction in treatment with an FDA approved product will be provided to the caregiver for any student sent home.
6. When the individual returns to the school after a substantiated case of head lice, and proper treatment has been given, he or she should be examined by the school nurse.

Transportation Responsibilities

1. When a child has been diagnosed with an active case of head lice, the parent, guardian, or designated person on the current health information sheet will be contacted to transport the child home. Parents or guardians of students who drive to school will be contacted before the student is sent home.
2. In rare situations when school personnel have communicated with persons listed as contacts for the student, and no transportation is available, the child will be sent home at the end of the day by the regular means for that student. This may be by bus or by individual transportation.

GIFTS and PARTIES

No latex balloons are to be used within the school or at school functions due to allergies. NO latex balloon deliveries will be accepted.

Any food items sent to school for classroom celebrations or extended after school functions pertaining to students, must be commercially prepared and packaged with a list of ingredients and nutritional value on the label. This is for the safety of those with food allergies and for diabetic calculations.

If a student participates in after school programs where snacks may be involved it will be the parent's responsibility to notify those in charge of the programs of any student with allergies or food limitations.

Healthy, nutritious snacks are encouraged.

AIDS Policy

Acquired Immune Deficiency Syndrome (AIDS) is a disease caused by the Human Immunodeficiency Virus (HIV). The AIDS virus may live in the human body for years and can be spread to others before any symptoms appear. AIDS alters the immune system thus reducing the body's ability to fight disease and infections.

Most people infected with the AIDS virus appear healthy but are capable of transmitting the virus to others. At the present time there is no cure nor is there a vaccine to prevent infection from the AIDS virus. This virus is transmitted in very specific and very limited ways. AIDS is transmitted from an infected person to someone else by intimate sexual contact, by sharing hypodermic needles, from a mother to her unborn child.

There is no evidence to support that AIDS can be transmitted by any type of so-called "casual contact," including all kinds of activities and behaviors that occur in school. Therefore restricting the attendance of known AIDS patients or persons known to be infected with the HIV is not an effective method to prevent transmission of the virus, and may violate state and federal law.

1. Student(s) who are infected with the HIV shall be allowed to attend school.
2. Students who are HIV infected will not be restricted from school unless they have evidence of other infection or illness for which any student should be restricted (fever, diarrhea, respiratory illness).
3. A student with HIV infection may need to be removed from the classroom for his/her own protection when cases of measles, chicken pox, or other infectious diseases are occurring in the school corporation.
4. When school officials learn of a HIV infected student, appropriate school official(s), student, student's parents/guardian, and student's physician should work together in determining who has a "need to know" of the HIV status of the student. Because of right to privacy, state law (1C-1-9.5-7) requires that personal records and medical information must be held strictly confidential.

STUDENT INSURANCE

The school assumes no medical liability for student injuries. Student insurance will be available on an optional basis to all students. Insurance envelopes will be distributed during student registration. Students with school insurance who become involved in accidents requiring medical attention should contact the school nurse,

DISASTER DRILLS

Fire drills are requested each month by state law. Signs are located near the doorway of each classroom giving evacuation procedures to follow in an emergency. Please observe the following points during fire drills:

1. Lights out.

2. Walk rapidly to exit, but do not run.
3. Do not wait for friends to join you.
4. Stay with your class once outside.
5. Do not reenter the building until the all clear is sounded.

Tornado drills will be held once per semester.

1. Go immediately to your designated area.
 2. Stay away from windows.
 3. Crouch against a load-bearing wall.
 4. Cover your head and face.
 5. Remain in this position and area until an all-clear signal is given.
- Man made event drills will be twice per semester.

HALL PASSES

1. Hall passes are generally discouraged.
2. Students shall not be in the halls except during passing periods without a hallway pass on their person. Teachers may request a pass from any student in the hall. Violators should be sent to the office.
3. Students will not be issued passes at times which will interrupt either the class the student is leaving or the activities where the student is going.
4. Restroom Pass. Permanent passes may be used for restroom privileges only. Students should be instructed to use the nearest restroom. Restroom privileges during class time should be limited.
5. Written Pass. This should be used for student passage to any specific point in the building. This pass is to be completed by the teacher issuing the pass. Forms in this handbook must be used for all passes except restroom.

A. Pike Central Discipline Notice

If a student is referred to the office for discipline, the filled-out Discipline Notice should accompany the student and will serve as the hall pass.

B. Nurse Pass

Students who are ill should certainly see the nurse. A student must have a pass to be admitted to the nurse, except in emergencies. In all instances students must sign in and out of the nurse's office.

C. Media Center Pass

A classroom teacher who assigns media center work should issue a pass for the student. In all instances students must sign in and out of the media center.

D. Emergency Telephone Usage (Regular Pass Form)

This should seldom be used; one person per pass.

E. Computer Lab: A pass from the Computer Lab Coordinator must be obtained in advance for a student to use the computer lab.

F. Internet Access Form: For a student to access the Internet under the direct supervision of a school professional an Internet Access Form must be completed.

HOMEWORK POLICY

Definition: Homework is an out-of-school assignment that contributes to the educational process of the student. It should be an extension of class work and should be related to the objectives of the curriculum being studied. Homework may include additional practice exercises, reading of material on a specified subject, in-depth extension of classroom activities, or independent projects related to the subject. Homework should fulfill the following purposes or objectives:

1. To review, reinforce, or extend classroom learning by providing practice and application of knowledge gained.
2. To teach students responsibility and organizational skills.
3. To promote wise and orderly use of time.
4. To encourage a carry-over of worthwhile school activities into permanent career and leisure interests.

3. Learn to budget his/her time.
4. Analyze his/her study habits and take advantage of available study aids.

 - c. Organize his/her time so assignments can be completed in a reasonable length of time.
 - d. Check carefully the completed assignment.
6. Return all work completed to the teacher by the date requested.
7. Make up work missed during an absence.

PLAGIARISM

To plagiarize is to "steal and pass off (the ideas or words of another) as one's own without crediting the source; present as new and original an idea or product derived from an existing source," (*Webster's New Collegiate Dictionary, Springfield: G. & C. Merriam Company, 1973, 870*).

To avoid plagiarism "Give credit whenever you use another person's idea, opinion, or theory; any facts, statistics, graphs, drawings—any pieces of information—that are not common knowledge; quotations of another person's actual spoken or written words; or paraphrase of another person's spoken or written words." *Indiana University Student Code of Rights, Responsibilities, and Conduct*

The minimum penalty for plagiarism is a zero for the assignment.

ATTENDANCE POLICY

All students at Pike Central are expected to attend school on a regular basis to receive maximum benefits of the educational process. The attributes of punctuality, dependability, and reliability are characteristics that are respected in our society and therefore are part of the educational process.

Any time a student is absent, the parent should call the office (354-8478) on the day of the absence, or submit a parental note the day the student returns to school. In the event the student was under the care of a physician, dentist, court official, etc., a written statement verifying the absence must be presented.

Policy

A student under eighteen (18) years of age is to be in attendance every school day as prescribed by the school attendance law. However, for those students who have an absence or tardy, the following procedures will be followed:

Definition of tardy: Late to class/school. If a student is more than ten (10) minutes late to class, they should be counted absent.

1. A student is considered tardy if he or she is not in their assigned room at the designated time the period is to start. A tardy will be excused if a teacher or office personnel excusing the tardy sign a valid pass. The time on the pass will indicate whether the student has gone directly to class.
2. Each teacher will explain the tardy policy to students at the beginning of the school year. Unexcused tardies will be recorded in the teacher's grade book. Tardies will be recorded by semester by class.

SIGN-IN/SIGN-OUT - PREARRANGED

PREARRANGED

Students who must be out of school for the entire day or for multiple days should obtain a Prearranged Absence Form at least two days prior to the absence. If the absence is due to a doctor or dentist appointment, the student should obtain a Prearranged Medical Form.

If the student fails to fill out the prearranged forms due to an emergency and must leave school for some reason during the day, the student should bring a written excuse signed by the parent stating where, when, and with whom the student is going. These notes should be presented to the office at the beginning of the day.

SIGN-IN/SIGN_OUT

When arriving late or returning to school after missing any part of the school day, a student or guardian must report immediately to the office and sign-in to be officially admitted. A student can only be signed-out by their legal guardian, unless prior arrangements have been made with the front office staff. Students are not allowed to sign themselves out of school. No student is to leave the building or return without being signed in or signed-out by the office.

3. Following the suspension, the parents or guardians of suspended students will be notified in writing. The notification will include the dates of the suspension; describe the student's misconduct, and the action taken by the principal.

EXPULSION PROCEDURES

When a principal (or designee) recommends to the superintendent (or designee) that a student be expelled from school, the following procedures will be followed:

1. The superintendent (or designee) may conduct an expulsion meeting, or may appoint one of the following persons to conduct the expulsion meeting:
 - a. legal counsel
 - b. a member of the administrative staff who did not expel the student during the current school year and was not involved in the events giving rise to the expulsion
2. An expulsion will not take place until the student and the student's parent are given notice of their right to appear at an expulsion meeting conducted by the superintendent or the person designated above. Failure by the student or a student's parent to request and to appear at this meeting will be deemed a waiver of rights administratively to contest the expulsion or to appeal it to the school board.
3. The notice of the right to an expulsion meeting will be in writing, delivered by certified mail or by personal delivery, and contain the reasons for the expulsion and the procedure for requesting the meeting.
4. At the expulsion meeting, the principal (or designee), will present evidence to support the charges against the student. The student or parent will have the opportunity to answer the charges against the student, and to present evidence to support the student's position.
5. If an expulsion meeting is held, the person conducting the expulsion meeting will make a written summary of the evidence heard at the meeting, take any action found to be appropriate, and give notice of the action taken to the student and the student's parent.

The student or parent has the right to appeal the decision of the person conducting the expulsion meeting to the school board within 10 days of the receipt of notice of the action taken. The student or parent appeal to the school board must be in writing. If an appeal is properly made, the board must consider the appeal unless the board votes not to hear the appeal. If the board hears the appeal, it will consider the written summary of the expulsion meeting and the arguments of both the school administration and the student and/or the student's parent. The board will then take any action deemed appropriate.

ALCOHOL-DRUG ABUSE

Any student in possession of, under the influence of, dispensing and/or selling any drug, look-alike drug, steroids or alcoholic beverage on school property or at school activities shall be in violation of school policy. Each offense will result in a suspension up to ten days and will result in a recommendation for expulsion and/or attendance at the drug education program. All medication including

prescription drugs must be kept in the office of the school nurse. Anyone caught selling prescription drugs or taking prescription drugs illegally will be subject to discipline.

Bullying (IC 20-33-8-0.2)

A safe and civil environment in school is necessary for students to learn and achieve high standards; harassment, intimidation or bullying like other disruptive behavior has no place in the school environment.

As used in this handbook "bullying" means overt, repeated acts or gestures, including:

1. Verbal or written communications transmitted
2. Physical acts committed; or
3. Any other behaviors committed;

By a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the other student. (IC 20-33-8-0.2). This rule applies when a student is on school grounds immediately before or during school hours, immediately after school hours or at any other time when the school is being used by a school group; off school grounds at a school activity, function, or event; traveling to or from school or a school activity, function or event; or using property or equipment provided by the school. (IC 20-33-8-0.2)

Reporting: Students should report bullying to the classroom teacher or teacher on duty. If not teacher is immediately available, the report should be made to a counselor or a member of the administration. All school employees are required to report alleged violations of this policy to the principal or the principal's designee. All other members of the school community including students, parents, and volunteers are encouraged to report any action that may be a violation of this policy.

Investigation: The teacher or counselor will be responsible for the initial investigation. A written report will be made to the principal's office. The principal or his/her designee shall conduct a complete investigation of the alleged incident. The principal or the principal's designee is responsible for determining whether an alleged act constitutes a violation of this policy.

Intervention: Some acts of harassment, intimidation or bullying may be isolated incidents requiring that the school responds appropriately to the individuals committing the acts. Other acts may be so serious or parts of a larger pattern of harassment, intimidation or bullying that they require a response either at the classroom, school building or by a law enforcement official.

Consequences are appropriate remedial acts for students involved in harassment, intimidation, or bullying range from behavioral interventions in interpersonal relations and social skill development up to and including suspensions and expulsions. In considering a response the administrator should consider the nature and circumstances of the act, the level of harm, and the nature of the behavior, past incidences or past continuing patterns of behavior and the context of the alleged incident.

Parental involvement: The school will contact parents whose children are involved in continuing acts of harassment, intimidation, or bullying. A conference will be called so the parent, school, and the child can discuss the problems or possible solutions that will be positive for the student, the parent, and the school.

Staff Professional Development: Staff members will be encouraged to become trained in skills and strategies for positive behavioral interventions. All staff members will receive training covering identifying bullying, research of bullying, characteristics of bullies, where does bullying happen, and the results of bullying on the victim.

Follow up: A follow up conference will be held with any student who has made a bullying report. The conference will take place after ten school days to ensure that the problem has been corrected. This conference will be held by the principal, principal designee, or school counselor.

Students may not use their own locks to prevent access to a locker by school officials, and any unauthorized locks may be removed without notice and destroyed. The principal shall conduct all inspections of student's lockers or a member of the administrative staff designated in writing by the principal.

Lockers are not to be used to store any items that should not be in the possession of the student. This includes, but is not limited to, drugs, alcohol, unreturned school equipment, stolen items, obscene material, or tobacco products including matches or lighters.

The inspection of a particular student's locker will not be conducted unless the principal or his designee has a reasonable suspicion to believe that the locker to be inspected contains items which cause, or can reasonably be foreseen to cause an interference with school purposes or an educational function, or which are forbidden by state law or school rules.

An inspection of all lockers in the school, or all lockers in a particular area of the school, may be conducted if the principal or superintendent reasonably believes that such an inspection is necessary to prevent, impede, or substantially reduce the risk of (1) an interference with school purposes or an educational function, (2) a physical injury or illness to any person, (3) damage to personal or school property, or (4) a violation of state law or school rules. Students will not necessarily be given the opportunity to be present while a general inspection is being conducted.

If the principal or superintendent has a reasonable suspicion that a locker or lockers contain illegal drugs, illegal paraphernalia, weapons, a bomb, explosive chemicals, or stolen property, he may request law enforcement assistance in making an inspection of a locker or lockers. If a law enforcement official requests to inspect a student's locker or its contents, a search warrant must be produced before allowing such official to inspect. The principal shall deny any requests from law enforcement officials to search a locker unless the officials give rise to a reasonable suspicion that a locker or lockers contain contraband.

Lunch periods will be according to the period the student has been scheduled to eat. Breakfast is served from 8:10 a.m. to 8:19 a.m, each day that the middle school is not on a delay schedule. WORK PERMIT POLICY

Public Law 20-33-3-20 allows the issuing officer of an employment certificate to revoke a student's permit should the grade average of a student decrease significantly. As a result, the Pike County School Corporation has adopted the following policy provisions in relation to employment certificates:

1. Any minor ages, 14, 15, 16, or 17 who has not graduated from high school, and who falls behind the normal number of credits for his/her grade level, may have his/her work permit revoked if it can be determined that working is inhibiting normal academic progress. Revocation of a work permit can occur any time during the semester by the guidance department with input from teachers.
2. Any student who falls below academic standards and has his/her work permit revoked can have it reinstated after an evaluation at the end of each semester by the guidance department with input from teachers. If improvement has been determined, a work permit may be reissued.
3. A student may appeal the revocation of an employment certificate or the refusal to reissue an employment certificate to the school principal.

RIGHT TO INSPECT CERTAIN INSTRUCTIONAL MATERIALS
The parent or guardian of a child enrolled in a school within the Pike County School Corporation shall be entitled to inspect any instructional materials, which will be used in connection with a survey, a personal analysis, or an evaluation which is not a direct part of the academic instruction. Any complaints arising under this policy may be submitted in accordance with the policy for parental (public) complaints.

STUDENT SUBMISSION TO SURVEYS, PERSONAL ANALYSIS, OR EVALUATIONS OF CURRICULUM

No student shall be required without prior written consent of the student's parent or guardian, or prior consent of a student if the student is an adult or is emancipated, to submit to a survey, a personal analysis, or an evaluation not directly related to the academic instruction which reveals information concerning:

7. legally recognized privileged or confidential relationships, including a relationship with a lawyer, physician, or minister;
8. income (except as required by law to determine eligibility for participation in a program or for receiving financial assistance under a program). Any consent form used in compliance with this policy must state the contents and nature of the personal analysis, survey, or evaluation.

Meningococcal Information

An Indiana law required each year that parents/guardians be informed "about meningococcal disease and its vaccine (IC 20-30-5-18)

Meningococcal disease is a dangerous disease that can strike children and youth. This disease can progress rapidly and within hours of the first symptoms, may result in death or permanent disability including loss of hearing, brain damage, and limb amputations.

Symptoms of meningococcal disease often resemble the flu and can include a fever, headache, nausea, and stiff neck, making the disease difficult to diagnose. The bacteria that cause meningococcal diseases are transmitted through air droplets **and** by direct contact with an infected person. Fortunately there is an immunization available and the U.S. Centers for Disease Control and Prevention recommends routine meningococcal immunizations at 11 to 12 years old. For teenagers, immunization is recommended at high school entry and incoming college freshmen.

Please talk with your child's health care provider about meningococcal disease and vaccination.

Model Notice for Directory Information

The *Family Educational Rights and Privacy Act* (FERPA), a Federal law, requires that the Pike County School Corporation, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, the Pike County School Corporation may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Pike County School Corporation to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the *Elementary and Secondary Education Act of 1965* (ESEA) to provide military recruiters, upon request, with three directory information categories - names, addresses and telephone listings - unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

If you do not want the Pike County School Corporation to disclose directory information from your child's education records without your prior written consent, you must notify the District in writing by September 1st of each school year. The Pike County School Corporation has designated the following information as directory information:

- Student's name
- Student's grade level

These laws are: Section 9528 of the ESEA (20 V.S.C. 7908), as amended by the *No Child Left Behind Act of 2001* (Pl. 107-110), the education bill, and 10 V.S.C. 503, as amended by section 544, the *National Defense Authorization Act for Fiscal Year 2002* (P.L. 107-107), the legislation that provides funding for the Nation's armed forces.
